Alberta Members Vote Against Resolution In Early Morning Division

Debate Continues Yesterday Afternoon and Evening, Not Being Concluded Till Four o'clock This Morning—Speakers on Both Sides Deaf With Issue Moderate Language—Strong Appeals Are Made by French Conservative Speakers for Support to Minority in Ontario.

(Morning Bulletin Leased Wire)

OTTAWA, May 12.—At 4 a.m. this morning the *Lapointe* bill, mutual resolution was defeated on a vote of 107 to 60, a majority against of 47.

Conservatives who voted for the resolution were Lapointe, Barrette, Roy, Léveillé, Achim, Pilon, Gauthier and Mondoux. Liberals who voted against it were: Léveillé, MacNutt, Thompson, (Qu'Appelle), Watkinson, Pinder, Crook, Dr. Clark, Rod Dore, McTernay, Buchanan, MacKenzie, Hart, Turriff, Oliver, Edmonton, Cruise, Knowles, Douglas, Stratton, and Trux, South Grey.

OTTAWA, May 11.—Parliament hours to discuss the early morning division to decide the bi-lingual resolution, which was rejected. The debate, which was commenced yesterday, was resumed this morning. The government, supporting the resolution, declared that there was no intention to interfere with the educational system of Ontario. All that was asked was that Ontario should be allowed to make its own claims of the French-Canadian that they are underrepresented, rather than that they are overrepresented. It was also suggested that the matter might be arbitrated.

Dr. Edwards of Frontenac, who failed to secure a majority in the House, was in the course suggested by Mr. MacNutt, that the French-Canadians in Ontario had real grievances and that they had real rights.

The debate was continued by Dr. Lapointe, who supported the resolution. J. A. Reid, Liberal member for Huron, said that the bill, if passed, would be a blow to the French-Canadian.

Mr. Murphy, of North Perth, who opposed it, said:

Mr. Mr. Oliver.

Frank Oliver, speaking on the evening, maintained that the debate had been adjourned in this debate because he was compelled to oppose the resolution by the member for Kamloops, who, he said, had a real grievance, which he had to prevent the resolution coming before the House. He further said that the debate was adjourned by an acrimonious discussion.

He said: "I have to admit that the tone of the debate was such that it was impossible to have an amicable discussion, and instead of injury it was possible to have a real fight."

The debate was continued by Claude McDonald, Hon. George P. Graham, C. C. Doherty and several other members.

Sir George Foster.

Sir George Foster expressed regret that the matter had been made subject of a speech, but he said that he was broken and the supporters of the resolution had been broken. The resolution was quite full of purpose.

Mr. Graham and Mr. Price in explaining why they would support the resolution said that the main object was to help to bring about a better understanding between the two races, and that the French-Canadian should be given the French and English schools.

Mr. Price supported the views expressed by Mr. Foster, and said that the determination of the people of the west that they should be taught in their language by their teachers, will not submit to these places conditions.

The Ontario-Green Bay agreement in Manitoba had been made with the understanding that the Ontario bill was no question of any other than the

In full, the German government has weighed every factor, and is considering a breach with America.

These are the real facts of the present situation, we have words to say such as may reserve future litigation, we may cancel our concessions, we may re-strict submarine operations, but for the present we must overcome our difficulties and be as conductive to peace as possible.
